An Exceptional Experience in Luxury Building

To Whom It May Concern:

It is my pleasure to recommend Janis Hopkins for consideration as an Interior Designer. I have known Janis for several years during which time she worked as an Interior Design Professional on high end residential construction projects. I have been consistently impressed with Janis' attitude and productivity during the time that she and I have worked together.

Janis is both very bright and quite motivated. I am confident that she will devote herself fully in your project with a high degree of diligence. She is a creative thinker and has shown the ability to fully immerse herself into her work in order to complete projects with the highest level of quality. Janice has demonstrated this to me, her coworkers, and her clients time and again throughout the years I have been fortunate enough to know her.

I recommend Janis without reservations. I am confident that she will be a tremendous asset for your project.
